Elden Ring Product Key is a fantasy action RPG born from a myth created in the legendary Land Between Worlds (LBW). The story of LBW is a myth that is passed down from generation to generation, where the titans who once ruled the world no longer exist. Upon this ancient land, the gods who created the Earth have vanished, and the people who now dwell on this world live in despair. A mythical object called the Elden Ring has appeared on this land. Players obtain it and use it to become "Elden Lords." The Gods who created this land have hidden their whereabouts for a long time, and the three who still exist are trying to break open the Elden Ring with their own strength. The other two gods have also appeared in this world and are moving towards the Elden Ring in order to use it to return to their own world. Players collect various items and use them to gain special abilities to advance their characters in the story. They can also combine their items to create more powerful items. Characters are created by combining weapons, armor, and magic that the players equip. The characters that players create have their own play styles. The Land Between Worlds, with its vast world and vast dungeons, is seamlessly connected. The mobile game features destructible environments and combat with realistic swordplay. Players can join other players in multiplayer mode and fight against opponents or challenge other players to PvP fights. ABOUT FREEIMMERSOFT: In 2012, FreeIMMERSOFT debuted as a developer of fantasy, RPG games in Japan. Its first title, "Final Fantasy Explorers", was released as a PSP title and is still selling well. Their motto is to create "a world that cannot be imitated." About Kakutani Corporation: Kakutani Corporation was founded in 1969 by Mr. Kiyohiro Kakutani, and operates the photo, electronic, and pharmaceutical businesses. FreeIMMERSOFT Japan Ltd. was officially established in April 2009. Kakutani Corporation expanded its business model and the management team, and brought together the product development and business operation. Kakutani Corporation's goals are to "create original content in the visual and sound culture, and to open up a new genre for a mature audience." Further information You can also become an Elder (online user) by purchasing an event ticket. When purchasing a ticket, please reference the
