INE ROUNDUP. The scoop on the other side of the counter from a food preparer in a busy cafe more than 40 years ago. Today, in this paper, Laurence Knatten Gorman presents a tale of creativity and persistence as he takes us back in time to inspect the menu at Bignell's cafe in the Eastbourne newspaper, The Ockendon Times. It is with great pleasure that I see that The Ockendon Times at the time of my mum's farewell lunch week before Christmas is advertising Bignell's, in fact calling it Bignell's Cafe. It had been Bignell's Coffee Bar, but the cafe has become so popular, that she thought people preferred to sit down and have a coffee rather than ordering in. I am often informed that my mother opened the cafe, and that is correct, but my mum's engagement with the new business was to serve the customers, from the advertised opening of 8am till about 8pm. All friends and family of my mother would be saddened to hear that she is retired. Bignell's would also be disappointed to hear that her life is in danger, and she has been unwell, and is now at home, blind and unable to hear any longer and needs constant care. I will give a brief report as to how I arrived at this article, and carry on from there. As I say, this particular cafe stands out in my memory for having been the most popular meeting place for all my mother's friends and acquaintances in the town. Those living on the edge of Eastbourne even used to drive across the Rother Valley to come and dine at Bignell's. In memory, one can hardly find a small eatery any more where you could so sit down, have a coffee, and be able to catch up with friends in your corner. Thus, it is with pleasure that Bignell's Cafe re-opened recently after refurbishment. This has been made possible by a long-term relationship with the owner of Crown Norfolk, like-minded proprietors, coming together to support an Eastbourne business. The old Bignell's sign on the premises, to many, was an attractive one. Having lived in Eastbourne for 42 years, I have been there so often in my life for both

professional and social purposes, that I have a
